

PHILOSOPHY

we are dedicated to the craft of the cocktail. our aim is to serve the best classic and modern cocktails using the highest quality ingredients available:

- we hand squeeze our citrus juice daily
- we use the best quality cordials and liqueurs
- we pour all of our sodas and mixers from glass bottles (we use fever-tree ginger ale, tonic water, soda, and bitter lemon tonic)

please be aware that because of this, many of our cocktails carry small supplemental charges, and may take a few minutes to create.

we recommend that you peruse all the cocktails, and then look at our selection of spirits before making a decision. please feel free to speak to your server or bartender for clarification on our products or cocktails.

cheers!

head bartender - marcovaldo dionysos
