Bardot Brasserie at the Aria Resort & Casino in Las Vegas has launched a new beverage program inspired by Parisian spirits, wine and beer. Examples of the new menu items include Storming the Bastille with whisky, sweet vermouth and coffee bitters, a rotating Champagne cart with four options, and sparkling cider.

Bardot Brasserie is also featuring Hors D'âge, its own signature beer brewed exclusively for the restaurant in northern France.

The Aria Resort & Casino's Bardot Brasserie has debuted its new beverage program inspired by Parisian spirits, wine and beer.

"We've strived to create a beverage program that truly celebrates the dynamic bar and café culture of Paris while enhancing the classic French dishes on our menu," said Bardot Brasserie's Chef Michael Mina. "A restaurant's bar is an essential component of the dining experience and the bar at Bardot feels like it could be in the heart of Paris."
