## HOT SAKE BY THE BOTTLE 720ML 熱燗 - 四合瓶

The Sake has been enjoyed warm since long ago, and many producers keep that tradition alive. The taste of sake changes with temperature. We chose the temperature which best matches the food or the season. The ideal temperature for sake also depends on the type of sake. We warm it in a small decanter, in a pool of hot water.

## JAPANESE WHISKY | 日本のウイスキー

Two of the most influential figures in the history of Japanese whisky are Shinjiro Torii & Masataka Taketsuru. Torii was a pharmaceutical wholesaler and the founder of Kotobukiya (later to become Suntory). He started importing Western liquor and he later created a brand called 'Akadama Port Wine', based on a Portuguese wine which made him a successful merchant. However, he was not satisfied with this success and so he embarked on a new venture which was to become his life's work: making Japanese whisky for Japanese people. Despite the strong opposition from the company's executives, Torii decided to build the first Japanese whisky distillery in Yamazaki, a suburb of Kyoto, an area famous for its excellent water.

Torii hired Masataka Taketsuru as a distillery executive. Taketsuru had studied the art of distilling in Scotland, and brought this knowledge back to Japan in the early 1920s. Whilst working for Kotobukiya, he played a key part in helping Torii establish the Yamazaki distillery. In 1934 he left Kotobukiya to form his own company, 'Dainipponkaju', which would later change its name to Nikka. In this new venture he established the Yoichi distillery in Hokkaido.

## JAPANESE WHISKY | 日本のウイスキー

### **CHICHIBU** *ON THE WAY* | SINGLE MALT 59

#### **BRIGHTLY OAKED, YOUNG PEAR, FENNEL SEED**

bottled in 2013, this whisky named after ichiro's journey to make his first 5 year old. currently aged in one mizunara oak cask & then two american oak, ex-bourbon, casks. a very powerful chichibu, truly showing the beauty from the use of mizunara oak.

### **CHICHIBU** *THE PEATED 3 YEAR* | SINGLE MALT 69

#### **VANILLA, WHITE PEACH, SCENTED AROMATIC SPICES**

ichiro akuto took a whisky which was already good & elevated it to the next level with higher alcohol and heavy peating. still capturing all the flavor & power, but approaching slowly to woo the palate.

### **CHICHIBU** *THE FLOOR MALTED* | SINGLE MALT 58

#### **LEMON, ALMOND, APRICOT**

founded by ichiro akuto in 2004, chichibu is a very hands-on with very small production, and their limited releases are much sought after. from malting their own barley in england to building their own casks, their attention to detail and love of whisky have helped them pick-up a well-deserved cult following.

### **ICHIRO'S** *MALT & GRAIN* | BLENDED 78

#### **VANILLA, WHITE PEACH, SCENTED AROMATIC SPICES**

A blend from ichiro akuto, this is the more recent "premium" version of the popular malt and grain bottling bottled at an increased strength of 50% abv. A rather complicated blend, the mix includes whisky from his own stocks of hanyu and karuizawa, as well as chichibu.

### **ICHIRO'S MALT** *DOUBLE DISTILLERIES* | BLENDED 56

#### **CHOCOLATE, FIG, APPLE**

The "double distilleries" label refers specifically to old hanyu stock matured in ex-sherry casks, and chichibu matured in new japanese mizunara oak casks. The exact proportion is a closely guarded secret.

### **ICHIRO'S MALT** *MIZUNARA WOOD RESERVE* | BLENDED 56

#### **SANDALWOOD, HONEY, CITRUS**

The eponymous brand name refers to ichiro akuto – grandson of the founder of hanyu distillery. Ichiro later founded the chichibu distillery nearby, and managed to save a number of hanyu casks. His "ichiro's malt" series typically involve vattings of both old hanyu stock and new chichibu production.

### **ICHIRO'S MALT** *WINE WOOD RESERVE* | BLENDED 64

#### **BERRIES, WALNUT, WHITE PEPPER**

a pure malt whisky from the ichiro's malt series, containing whisky from the closed hanyu distillery and matured, vatted and bottled at the chichibu distillery. this edition was given a finishing period in french wine casks.

## JAPANESE WHISKY | 日本のウイスキー

### **SUNTORY TOKI** 16

#### **GRAPEFRUIT, GREEN GRAPE, PEPPERMINT**

coined as 'the premium everyday whisky', this light-bodied whisky is a blend of single grain & single malt whiskies from all three of suntory's distilleries. aged for at least three years in american & spanish oak.

### **WHITE OAK AKASHI** | BLENDED 19

#### **CLOVE, COCOA, CARAMEL**

this small production distillery, akashi, is named after its hometown in the hyogo prefecture. white oak ages in bourbon casks before finishing in sherry casks making this a unique selection.

## JAPANESE WHISKY | 日本のウイスキー

### **WHITE OAK AKASHI | SINGLE MALT 33**

#### **MARSHMALLOW, RAW CORN, VANILLA BEAN**

perhaps the least known japanese whisky producer yet it is still one of the country's oldest with a license to make whisky since 1919. their production only lasts for one month each year making availability limited.

### **AKASHI SHERRY CASK | SINGLE MALT 65**

#### **GRAPEFRUIT, CONCORD GRAPE, PEPPERMINT**

an extremely rare whisky amongst collectors, this whisky is bottled only 1 to 2 times a year. aged for 5 years in oloroso sherry casks and sitting at a 100 proof, this whisky is meant for slowly sipping with just a touch of room temperature water to bring out the fine flavors.

### **NIKKA COFFEY GRAIN | SINGLE GRAIN 18**

#### **HAZELNUT, SWEET CORN, CARAMEL**

coffey grain gets its name after its inventor, aeneas coffey & was a still that moved from scotland to japan in 1963. corn is the primary ingredient along with wheat & unmalted barley while on a continuous still without having any alternate batches.

### **NIKKA COFFEY MALT | SINGLE MALT 21**

#### **CLOVE, CINNAMON, LEMON**

named after the still's inventor aeneas coffey, coffey stills are typically used for grain whisky production, making this 100% malt whisky unique. surprisingly rich texture, body, with a flirty sweetness.

### **NIKKA TAKETSURU | PURE MALT 18**

#### **CINNAMON STICKS, BUTTERY TOFFEE, ALMOND**

the term pure malt refers to the fact that only malted whiskies are used in this blend. taketsuru is named after nikka's founder, masataka taketsuru, in 1936 & blends single malts from primarily the miyagakyo distillery.

### **NIKKA TAKETSURU 17 YEAR | PURE MALT 59**

#### **BLOOD ORANGE, VANILLA, HINT OF CHOCOLATE**

one of the most coveted japanese whisky's in the american market as it is praised as possibly one of the best from nikka's port folio. this is a 50/50 blend between both of nikka's single malt distilleries.

### **NIKKA TAKETSURU 21 YEAR | PURE MALT 69**

#### **SOFT CHRISTMAS SPICES, GROUND PEPPER, FRESH GINGER**

selected as the world's best blended malt in 2010, the whisky is blended single malt as opposed to blended whisky, there is no grain added. this offers more age & richness than its 17 year old brother.

## JAPANESE WHISKY | 日本のウイスキー

### **NIKKA MIYAGIKO | SINGLE MALT 28**

#### **ORANGE PEEL, DRIED APPLE, NUTMEG**

the miyagikyo distillery was built in 1969 as a counterpart to yoichi, these pot stills are heated with steam rather than direct fire coal. this single malt is also produced by nikka from the sendai prefecture is much different than its pure malt brother.

### **NIKKA YOICHI | SINGLE MALT 28**

#### **SOFT PEAT, WINTER SPICE, SALTY CARAMEL**

located in japan's most northern & coldest prefecture, hokkaido, this location was chosen for the elevation & proximity to the forest. unlike miyagikyo, yoichi uses direct coal -fired pot stills, a rarity even outside of scotland.

### **MARS IWAI 14**

#### **PEAR, QUINCE, GINGER**

this shinshu distillery used to only produce whisky during the winter months but eventually closed in 1992 due to sluggish demands. in 2011 the production was resumed and the first recovered whisky hit the market in 2007. the pot stills used were designed by kiichiro iwai & were a close resemblance to those stills used by masataka taketsuru at the yoichi distillery, a wonderful distillery by nikka.

### **MARS IWAI TRADITION 24**

#### **WHEAT, HONEY TOFFEE, CHERRY**

the pot still is a symbol of the whisky making process at mars. tradition is a blended whisky whose case is an unblended whisky distilled in the pot still to achieve perfect balance. the shinshu distillery is located on the central alps of japan which contributes to the beautifully rich water source.

### **MARS KOMAGATAKE RINDO | SINGLE MALT 75**

#### **ASIAN PEAR, BANANA, TOFFEE**

a new single malt whisky that was bottled at a high alcohol content of 52% abv to maintain the integrity of its aromatic profile. this will introduce you to a rich and beautiful universe of taste and it represents the mountain flowers of the nagano region where the distillery is located.

### **MARS SHERRY & AMERICAN OAK CASK | SINGLE MALT 75**

#### **DATE, FIG, APRICOT**

distilled in 2011 and aged for 3 years. it is bottled at 57% abv which is a strong alcohol content allowing a better preservation of aromas despite its young age. the desire to bring out the best flavors despite the youth of the whisky, was already successfully adopted by the now famous chichibu distillery.
